ABOUT ULTRALOX®

- ♦ Headquartered in Eagan, Minnesota
- ♦ 80 machines in 35 states
- ♦ Local Fabrication and Installation
- ♦ More quality control over the end product
- ♦ Easier/Less-costly to transport
- ♦ Ability to customize
- ♦ Fast and Easy Installation

OUR MISSION

Ultralox prides itself on bringing you more control over your lead times and profit, allowing you to build what you need when you need it. We offer a multifaceted line of aluminum railing and fencing for both commercial and residential projects including several styles that can be used on any project.

All our aluminum products are also accurately documented and meet the highest safety and durability standards in the industry.

WHY ULTRALOX®?

ULTRALOX QUALITY

Ultralox is the only aluminum railing manufacturer to achieve an ICC-ES ESR rating for its baluster railings along with many other systems.

What is an ICC-ES Evaluation?

ICC Evaluation Service (ICC-ES) is the industry leader in performing technical evaluations of building products, materials, and systems for code compliance. Due to its diligence and unparalleled engineering experience, ICC-ES is the most widely accepted evaluation agency in the nation.

You can view the Ultralox ICC-ES report by visiting [Ultralox.com/testing](https://www.ultralox.com/testing).

Ultralox is also proud to be approved by the Texas Department of Insurance as well as approved for projects in Los Angeles, California.
