**PREMIUM POWDER COATED
ALUMINUM
FRAMING SYSTEM
FOR RESIDENTIAL APPLICATIONS**

PREMIUM POWDER COATED ALUMINUM FRAMING SYSTEM

FEATURES & BENEFITS

- **Patented system with pre-engineered sections** for quick setup saves install time and money
- **Quick-lock technology** for rapid assembly and precise framing
- **Easy installation** – less tools to install means quicker installation and even less to maintain
- **All aluminum construction** with beautiful powder coat finish
- **20 year non-prorated limited warranty** (10 year saltwater)
- **Stronger and safer** – supports 100 lbs. per sq. ft., exceeding most commercial building codes
- **Greater length** – 31% longer spans than treated lumber
- **Completely versatile** – supports most types of decking and railing

- **40% Lighter** – weighs less than treated lumber on average
- **Environmentally responsible** and manufactured in the USA

The Ultralox® Aluminum Framing System is engineered to meet the demands for longer-lasting and better-looking deck construction. Our patented design utilizes aluminum instead of wood. It is easy to install and shortens deck construction from days to hours!

Exclusive hidden deck fasteners conceal the screws

The system not only improves the look and performance of most any decking material but also lower the total-cost-of-ownership.

Contractors and property owners agree, the Ultralox Aluminum Framing System is the first step to a better-built, beautiful and cost-efficient project.

A wide variety of decking materials and Ultralox Railing Systems are supported by the Aluminum Framing System, including leading brands of composite decking, treated lumber, hardwoods, PVC, aluminum decking, plus paver and granite stone systems.

COLOR OPTIONS

Custom colors are available with extended lead times.

Colors may vary depending on monitor settings and printing processes. See actual samples for accurate colors.

A longer Lasting, Better Looking Deck
